

Pantone Color Chart for Thread Selection

*em-belish reserves the right to substitute to the best color match if a color is not available or if we feel there is a better color option. You will be notified of a change prior to production.

***Important to note, monitor resolutions vary in output and color.

If you have concerns, we recommend viewing a physical pantone chart for accuracy, our threads are very close to the pantone color displayed however not exact.

Em-belish will not be held responsible if the thread and color block are not an exact match, we will make every attempt to match as close as possible.
